### **Proteus Packaging Receives Top Recognition from Food Safety Agency, AIB International**

**FRANKLIN, Wis. (February 17, 2012)** – [Proteus Packaging](http://www.proteus-packaging.com), an international supplier of paperboard packaging solutions, has received the top recognition from AIB International, a third-party agency dedicated to the safety of the food supply chain.

Proteus earned a Recognition of High Achievement – Superior in the food contact packaging manufacturing facilities standard through the agency’s comprehensive GMP audit process, which evaluates multiple criteria including operational methods and personnel practices, maintenance for food safety, cleaning practices, integrated pest management and prerequisites for food safety programs.

With more than 60 years of experience conducting food safety inspections, many manufacturers have made strong AIB ratings a requirement for their suppliers.

“We’re extremely proud to receive the highest recognition from one of the foremost food safety organizations in the world,” said Tim Wayman, executive vice president and chief operating officer of Proteus. “Our company has the pleasure of serving a number of high-profile and niche food brands, and we remain deeply committed to the integrity of their products.”

Proteus provides a full range of paperboard packaging solutions at its state-of-the-art, 245,000-square-foot facility outside Milwaukee, from design and printing to warehousing.

#### **About Proteus Packaging**

Proteus Packaging ([www.proteus-packaging.com](http://www.proteus-packaging.com)) is an ISO compliant, and cGMP and AIB International-certified provider of packaging solutions for pharmaceutical, nutritional, health and beauty and automotive clients. A privately owned company based in southeast Wisconsin, Proteus Packaging has grown from a regional business to an international supplier with expertise meeting the complex needs of high-volume manufacturers.
